

Resume Analysis Report

ATS Score: 49

Strengths:

- Includes relevant keyword: python.
- Includes relevant keyword: sql.
- Includes relevant keyword: machine learning.
- Includes relevant keyword: javascript.

Weaknesses:

- Resume looks short; add measurable project and work details.

Missing Skills:

- flask
- aws

Suggestions:

- Add a concise professional summary aligned to the target role.
- Use action verbs and measurable outcomes in every experience bullet.
- Group skills by category so ATS systems can parse them cleanly.
- Include role-specific keywords from the job description naturally.
